

DIANA FASHIONS FITTING GUIDE

STEP 1 – BRA SIZE

Measure around the body directly under the bust while wearing a bra. This measurement is the **band** size. If the measurement is an odd number add 5", or if an even number add 4".

For example: $29'' + 5'' = 34''$
 $30'' + 4'' = 34''$

STEP 2 – CUP SIZE

Measure the fullest part of the bust. Subtract the **band** size. If the difference is 1 inch you require an 'A' cup.

2"	3"	4"	5"	6"	7"	8"
B	C	D	DD	3D(E)	F	FF
